

UNIVERSITY OF TORONTO  
LESLIE DAN FACULTY OF PHARMACY

**Applicant Notice #6 - March 5, 2015**

**Pharmacy College Admission Test Data**

All applicants receive their PCAT scores directly from the testing agency. If an applicant's scores on the PCAT components listed below are equal to or greater than each of the values listed below, *and* if academic performance meets preliminary standards, an applicant remains within the eligible pool and is invited to attend an interview. Please view 'Notifications' on the Applicant website to view your personal notice confirming whether or not you have been selected for an interview.

**Minimum PCAT score requirements for 2015**

Conventions of Language ( <i>applicable to tests taken prior to July 2012</i> )	3.0
Problem Solving ( <i>applicable to tests taken prior to July 2012</i> )	2.5
Writing ( <i>applicable to tests taken July 2012 or later</i> )	3
Composite Percentile	50
Chemistry percentile	50
Biology percentile	20
Quantitative Ability percentile	20
Reading Comprehension percentile	20
Verbal Ability percentile	20

These conservative preliminary PCAT score thresholds were met by approximately 80 percent of a pool of 732 applicants; however, subsequent to interviews and during final selections, the Faculty may raise minimum PCAT requirements at its discretion.

Only scores from January 2011 to January 2015 are valid for the 2015 admission cycle.

If you had multiple test attempts please note that the test with the highest composite score, where minimums in all sections are met, is used in our calculations. Scores from different test administrations cannot be combined.

Applicants who wrote the PCAT prior to July 2012 should be aware that all PCAT percentile scores have been adjusted to reflect updated 2011 norm values. Details related to the PCAT scoring may be obtained directly from the PCAT website at [www.PCATweb.info](http://www.PCATweb.info). You may also view your test scores by logging into your 'Profile' on the PCAT site.
